

Studio9 Medical Science

Marketing & sales checklist · For social media & customer outreach

Store live at Lemon Squeezy · July 2026

Your role: marketing, sales links, social media, first-line customer questions.

Technical setup (webhook, access activation, site buttons) is handled separately — ask Cristina before announcing “buy now” publicly.

1. Official links to use

What	URL
Lemon Squeezy store (checkout)	https://studionine.lemonsqueezy.com
Main website (info, pricing, FAQ)	https://medical-science-lilac.vercel.app
Pricing page	.../precos/
After purchase — sign in	.../conta/
Free demo module	Italian Health System (on website — no payment)

Ask Cristina for direct checkout links to Medical Biology and Genetics once products are created in Lemon Squeezy.

2. What we sell (pilot launch)

- **Medical Biology** — \$11.99 · 12 months online access · 19 topics
- **Genetics** — \$11.99 · 12 months online access · 10 topics

Each topic includes: video, podcast, infographic, practice questions.

3. Before you post publicly — checklist

- ☐ Cristina confirms a **test purchase** works (pay → email → sign in → module opens)
- ☐ Product pages live on **studionine.lemonsqueezy.com**
- ☐ Store branding updated (logo, description, cover image)
- ☐ Support email agreed (e.g. info@studio9.com or shared inbox)
- ☐ Bio / link-in-bio points to store or pricing page

4. Social media — ready-to-use messages

Short (Instagram / TikTok bio link):

Health-science study modules — video, podcast & quizzes. From \$11.99. 12 months access.

👉 studionine.lemonsqueezy.com

Post caption (adapt as needed):

Studying medicine or health sciences? Studio9 Medical Science gives you structured modules with short videos, podcasts, infographics and quizzes — study on your phone or laptop.

🧬 Now available: Medical Biology & Genetics

💰 \$11.99 per module · 12 months access

🔗 Link in bio · Free Italian Health System module on the website

5. Customer journey (explain this simply)

1. Customer clicks your link → Lemon Squeezy checkout
2. Pays with card (Lemon Squeezy handles payment & receipt)
3. Goes to **My account** on the website
4. Enters the **same email** used at checkout
5. Receives a **magic link** by email — no password
6. Opens the module app (Biology or Genetics) and studies

6. FAQ — what to tell customers

Question	Answer
How long is access?	12 months from purchase.
Refund?	All sales are final (digital content, immediate access). See Terms of Sale on the website.
Wrong email at checkout?	Access is tied to checkout email — contact support with order receipt.
Replaces university?	No — it's a study supplement alongside formal courses.
Device?	Works in browser on phone, tablet, computer.

7. Do NOT promise

- Refunds or “try free for 14 days” (not our policy)
- Modules not yet on sale (only Biology & Genetics in pilot)
- University credit or official certification
- Lifetime access (unless a specific product says so)

8. When a customer needs help

1. Ask for the **email used at checkout** and **module name**
2. Ask them to try **My account** → request magic link again
3. If still stuck → forward to Cristina with order date / receipt screenshot

9. Lemon Squeezy dashboard (your access)

- View orders and customer emails
- Customize store appearance
- Copy product checkout links for campaigns
- Do not change webhook URL or API settings without Cristina

10. Coming soon (don't sell yet)

Other modules (Anatomy, Physics, Statistics, etc.) are visible on the website but **not yet available to buy** until marked live.

Questions? Coordinate with Cristina before changing prices, products, or public launch timing.
